PROFESSIONAL EXPERIENCE

SL8.online – Technical Lead
Feb 2024 — Dec 2024
Social Platform with Crypto monetization. I served as the Architect for a new unified codebase, integrating **React Native** + **Expo** and **Next.js** to support mobile and web applications simultaneously. I led and managed a team of engineers to ensure seamless execution using **Agile** processes.
Tech stack: React Native, Next.js, Expo, **TypeScript, AWS, Vercel, GitHub**

Sats.co – Technical Lead
Jan 2023 — Dec 2023
Neo-bank mobile application for the African market. I have been responsible for delivering product features while managing a team.
Tech stack: TypeScript, React Native, **Node.js, PostgreSQL**, AWS, **GitLab**

GoonsOfBalatroon.com – Web Team Lead
Jun 2022 — Oct 2022
Digital card game in the metaverse with own crypto token and NFTs. I managed a team of front-end and back-end web developers.
Tech stack: TypeScript, **React**, Node.js, **Blockchain, NFT, Ethereum**

MyMoneyKarma.com – Technical Lead, Full Stack Software Engineer
Dec 2020 — May 2022
FinTech startup for the Indian market. I managed and mentored several teams of developers. I wrote lots of frontend and backend code.
Tech stack: TypeScript, React, Next.js, Node.js, **MySQL, Bitbucket, Scrum**

Deel.com – Full Stack Software Engineer
Jul 2020 — Oct 2020
I was helping the "unicorn" fin-tech startup to grow as fast as possible. I created several internal tools for the BizDev and KYC departments.
Tech stack: **JavaScript**, React, NodeJS, PostgreSQL, AWS cloud, Scrum.

riwers.io – Technical Architect and Full Stack JavaScript Developer
Jun 2019 — Jul 2020
My tasks were to help our clients to choose technologies, and solutions and make tech architectures. I managed a team of developers.
Tech stack: JavaScript, TypeScript, React, **Vue**, **NestJS, MongoDB**.

PozitiFF.CZ - Technical Lead and Consultant
Jun 2017 — Jun 2019
I led development teams, assigned tasks, and conducted code reviews to ensure quality and efficiency.
Tech stack: JS/TS, **PHP**, **Python**, **Golang**, **Angular**, **Electron**, **WordPress**.

Business Incubator "Happy Farm" – Technical Director, Mentor
Oct 2012 — Jul 2016
Technical audit and assistance for more than 50 start-ups and IT teams.

EDUCATION

National Technical University of Ukraine – "Kyiv Polytechnic Institute"
1994 — 2000
Faculty of Aero-Space Systems. BS of Metrology. Master of Electronics.

Many **professional courses** and **certification programs**.
